GoNEXUS 2022 Wrapped

While 2023 is fast approaching, it is time to reflect on the latest GoNEXUS' achievements during the last months of 2022.

Several stakeholder dialogues recently took place in the six case-study areas of the project. These meetings bring together a broad spectrum of stakeholders to dialogue with the aim to incorporate all visions and interests into the resource management solutions developed. It is also where the collaboration between all actors starts. The key meeting

takeaways are shared on [the website's news page](#), go check out the ones for the [Senegal River Basin](#), and [Lake Como](#)!

Short on time? GoNEXUS released a series of 3 videos to help you get a better idea of the project!

Video: the Júcar River Basin case study

One of our case studies is based on the Júcar River basin. Listen as five local experts discuss the importance of improved resource management in the area. This video also showcases an essential element of the project, working in close collaboration with the stakeholders on the ground to ensure our solutions work for them.
